1 The headline regional GVA series for this publication have been calculated using a five-period moving average.

2 Estimates of regional GVA in this table are on a residence basis, where the income of commuters is allocated to where they live rather than their place of work.

3 Components may not sum to totals as a result of rounding.

4 Provisional.

5 The GVA for Extra-Regio comprises compensation of employees and gross operating surplus which cannot be assigned to regions.
